After the [People Power Revolution](#) in 1986, Chino Roces made a successful appeal to [President Corazon Cojuangco-Aquino](#) for the restoration of the network.

New stockholders led by broadcast veteran Edward Tan and Chino Roces's son Edgardo then began the arduous task of resuming broadcasts. The Securities and Exchange Commission granted their application for an increase in capitalization and amendments to ABC's articles of incorporation and by-laws. They were subsequently granted a permit to operate by the National Telecommunications Commission (NTC).

ABC inaugurated its new studio complex and transmitter tower in San Bartolome, [Novaliches](#), [Quezon City](#) in 1990, and began test broadcasts by the end of 1991; officially returning on air as the ABC-5 on February 21, 1992, with ABC Development Corporation as the new corporate name (Associated Broadcasting Company remains the legal name of the company). Its radio counterpart, [Kool 106](#) was launched at the same time. Later, it acquired a new franchise to operate on December 9, 1994, under [Republic Act](#) 7831 signed by [President Fidel V. Ramos](#).

In 1999, ABC was awarded the channel 47 frequency in [Metro Manila](#), the last remaining [UHF](#) frequency in the market, with a powerful transmitting capacity, christening it [DWDZ-TV](#). However, has been inactive since 2003.

Return to the airwaves (1992-2003) [Edit](#)

ABC inaugurated its new studio complex and transmitter tower in San Bartolome, [Novaliches](#), [Quezon City](#) in 1990, and began test broadcasts by the end of 1991; officially returning to the air as the Associated Broadcasting Company on February 21, 1992.

ABC Takes The Big Leap in 1994! logo use from February 1, 1994 to January 30, 1995.

ABC acquired a new franchise to operate on December 9, 1994, under [Republic Act 7831](#) signed by [President Fidel V. Ramos](#). In the same year, it went on nationwide satellite broadcasting. In a surge of phenomenal growth, ABC earned its reputation as "The Fastest Growing Network" under new network executive [Tina Monzon-Palma](#) who served as Chief Operating Officer. As a fledging station, it had taken a big leap and was now among the ranks of "The Big League". As early as its 15th month of operations, it rose to no. 3 in the overall TV network ratings with programming that combined American and all station-produced local programs. Part of their success can be attributed to their carrying of the [Sailor Moon anime](#) franchise, which effectively revitalized Filipino interest in anime. Amid the escalating network war, ABC succeeded in gaining a foothold, as the dark clouds of the Asian crisis loomed in the horizon. In 1996, the network premiered [Wow Mali](#), a comedy show hosted by [Joey de Leon](#) featuring [practical jokes](#) played by the show's staff, and sent in by viewers. The show would become the longest-running show of its kind in the country. In 2001, ABC began to produce local versions of [The Price Is Right](#) (hosted by [Dawn Zulueta](#) and later acquired by [ABS-CBN](#)); [Wheel of Fortune](#) (hosted by [Rustom Padilla](#), later acquired by [ABS-CBN](#)); and [Family Feud](#) (hosted by [Ogie Alcasid](#), later acquired by [GMA Network](#)). This was during the height of the game show frenzy within Philippine networks, brought on by the success of [IBC](#)'s Philippine editions of [Who Wants to Be a Millionaire?](#) (hosted by [Christopher De Leon](#) which is now home of TV5 at present time) and [The Weakest Link](#) (hosted by [Edu Manzano](#)).

New management (2003-2008) [Edit](#)

In October 2003, ABC was acquired by a group led by businessman Antonio "Tonyboy" Cojuangco, Jr. former Chairman of the [Philippine Long Distance Telephone Company](#) (PLDT) and owner of [Dream Satellite Broadcasting](#) and Bank of Commerce, among other assets. The new management introduced many changes including a stronger news and public affairs division, modernization of its broadcast equipment, and the acquisition of broadcast rights

of [Philippine Basketball Association](#) games. Additionally, the network also launched a new advertising campaign and slogan, "Iba Tayo!" ("We're Different!"), which emphasized the new lineup as being more distinct and new than what was being aired by its competitors at the time. In 2005, ABC won the "Outstanding TV station" award at the 2005 [KBP Golden Dove Awards](#), with several other programs on the network also earning awards in their respective categories. Until the end of 2006, ABC was a member of the [Family Rosary Crusade](#). Its religious pre-identification campaign "Please Pray the Rosary" was played before every program on the network until the "Iba Tayo!" re-imaging campaign.

In early 2007, ABC implemented a series of [budget cuts](#), primarily directed towards its news department, which laid off most of its employees. The cuts, held prior to the [2007 general elections](#), left ABC almost incapable of coverage.

In November 2007, ABC debuted an array of new sports programming, including [NBA](#) basketball, pro boxing, and [WWE](#) events, as part of a new five year deal with [Solar Entertainment](#). However, due to their high costs, these programs were later dropped throughout 2008, and its NBA review show "House of Hoops" was cut back as well and eventually cancelled by April 2008. However, much of these programs, along with the PBA (as ABC elected not to renew its contract through the ended after the [2008 Fiesta Conference](#)), would be picked up by [RPN](#), who had begun a much wider partnership with Solar earlier in 2007.

Re-launch as TV5 (2008-2010) [Edit](#)

[File:ABC-TV5 logo 2008.png](#)

In March 2008, ABC president and CEO Antonio Cojuangco announced that ABC had reached a partnership with MPB Primedia Inc., a local company backed by [Media Prima Berhad](#) of [Malaysia](#) as part of a long-term strategy to make the network more competitive. Cojuangco said MPB Primedia Inc., in principle, would produce and source most of the entertainment programs while ABC would continue to be responsible for news programming and operation of the stations.^[1] Christopher Sy was named CEO of MPB Primedia, Inc.; he served in that capacity until his resignation in January 2009 due to reported differences in management style.^[2]

ABC "signed off" on August 8, 2008, and then aired a countdown to its re-launch for much of the next day until 19:00 [PHT](#), when the network officially re-launched under its new name of TV5.^{[3][4][5]} The company operating TV5 is still, however, the *Associated Broadcasting Company* and Tonyboy Cojuangco will remain its CEO.^[6] *Shall We Dance*, some shows in Nick on TV5, [Kerygma](#) TV, *Light Talk*, and Sunday TV [Mass](#) were the only ABC programs that were carried-over to the line-up of TV5.

In December 2008, a lawsuit was filed by [GMA Network, Inc.](#) against ABC, MPB, and MPB Primedia, alleging that TV5's lease of airtime to Media Prima was intended to federal regulations restricting foreign ownership of broadcasters.^{[7][7]} In response, ABC's media

relations head Pat Marcelo-Magbanua reiterated that the network was a Filipino company which was self-registered and Filipino-run.^[8]

Despite the lawsuit, the network's ratings were revitalized by the new management, as its audience share increased from 1.9% in July 2008 (prior to the re-branding) to 11.1% in September 2009.^[9]

MediaQuest era (2010-present) [Edit](#)

On October 20, 2009, Media Prima announced that it would be divesting its share in TV5 and selling it to the [Philippine Long Distance Telephone Company](#)'s broadcasting division, [MediaQuest Holdings, Inc.](#) The acquisition was officially announced by chairman [Manuel V. Pangilinan](#) on March 2, 2010, along with the announcement of a new lineup of programming to debut on the network, along with a new campaign branding itself as the "Kapatid" ("sibling") network.^[10] Dream FM and its affiliate stations in other parts of the country remained under the Cojuangco management led by former ABC stockholder Anton Lagdameo. Aside from its flagship broadcast television network TV5, the company broadcasts to many [Filipino expatriates](#) around the world through [Kapatid TV5](#). The company has also diversified into film production ([Studio5](#)), music production ([TV5 Records](#)), print publication ([TV5 Magazines](#)) and new media ([TV5 Interactive](#)), affirms its social responsibility through the work of [TV5 Kapatid Foundation, Inc.](#) and [TV5 International](#), one of the largest international subsidiary of TV5 they started to broadcasting facilities and studios to further expand their programming and technical capabilities.

Ibahin mo ang channel mo! Sa ABC, Iba Tayo!

Iba Tayo by Roberto Barreiro, Managing Director, ABMC [Edit](#)

Roberto Barreiro, Managing Director, ABMC, Head of Entertainment and News & Public Affairs Divisions, ABC; and Dan Albert S. de Padua, Programming and News & Public Affairs Executive

The giant networks are force-feeding viewers undistinguished and undistinguishable programs. The same old stuff. Following a conventional schedule. With a rigodon of over-exposed artistas. Saying the same predictable things. ABC offers a fresh alternative across the board.

For the young and youthful crowd who feel the need to rebel against the establishment, ABC is new and on-the-edge, fun and irreverent, vital and action-packed. ABC has Attitude. For the stay-at-home or stuck-at-home people who are bored with the routine and ordinary. ABC represents delightful variety and unexpected innovation. Out-of-the-box and off-the-wall, ABC brings back Entertainment to television.

For the dreamers and achievers, who aspire for better things and better days, ABC is going for quality and excellence--the most interesting, the most engaging, the Best from here and abroad.

For all those who believe they're unique, ABC is different, too, like you. (For advertisers and agencies, ABC proposes to deliver a whole new set of eyeballs that haven't been reached before or often enough.)

Think of us at ABC as your barkada. We won't be presumptuous and call ourselves your relatives when we know we're not. Nor will we pretend we have the same heart as you do. (Ano ba talaga 'yon?) We won't preach to you or lecture you or oblige you or shed crocodile tears for you. That's not what friends do. But if you need to take a break, if you want to get out and let go, if you want adventure and maybe a little mischief, if you want to be real for a change, if you want to be with people like you...your ABC Barkada is here for you.

We're not big. We're a clique, a faction, a tight circle of friends. Pero, hoy, ibahin n'yo 'to. We're not weak or helpless. Our barkada is our lifestyle refuge, our home outside the house, our fortress against the attack of the clones. We draw strength from our bonds. We revel in our individuality even as we take pride in the hardy band we belong to. You and us. The ABC Barkada. Dahil Iba Tayo.

1 billion to modernize ABC [Edit](#)

The Management Team: Hans R. Montenegro, Director for Human Resources; Herminio L. Dar Santos, SVP for Administration; Terra J. Daffon, SVP for Corporate Affairs; Atty. Christine C. Ona, VP for Legal; and Victorino P. Vianzon, VP for Program Acquisition

ABC's new management team, led by its Engineering Development & Operations Division, is laying the groundwork for a highly-competitive, cutting-edge television station along a modernization plan expected to be completed by 2005 at a cost of over a billion pesos. The company-wide modernization plan encompasses the whole process end to end. Phase 1 is now on stream.

SIGNAL IMPROVEMENT

Top priority is optimum coverage and TV signal reception. To achieve this, ABC will boost its transmitter power and improve its antenna to maximize signal strengths in Mega Manila. It will also upgrade transmission power in Davao, Cebu, Bacolod, Baguio and Cagayan de Oro.

ABC will also establish new sites. Currently, it has 6 UHF stations and 4 VHF stations. More ABC-owned provincial stations will be established countrywide.

AFFILIATIONS

Coverage is also augmented through affiliations. Adding to its fifteen stations nationwide, ABC recently affiliated with nine more provincial stations, enhancing its presence in Batangas, the Bicol region, Agusan del Sur, Surigao del Sur, Butuan, Palawan and Zamboanga City. Moreover, it has about 150 cable TV affiliates nationwide. ABC also has a powerful sister company, DREAM Broadcasting, which it can use to deliver a high-quality signal all over the country at a reasonable cost. Now, even small cable companies interested in carrying ABC programming need only acquire a Dream Box which will enable them to receive ABC programs from Manila. DREAM TV is digital all throughout, and therefore of high-quality. Earlier, ABC entered into a partnership with RMN (Radio Mindanao Network) which now simulcast ABC's news programs. In another development, ABC is set to close an agreement with Echostar, the largest direct-to-home (DTH) satellite television company in the US, to telecast ABC programs in America. It will be called Tha Mabuhay Channel.

Engr. Domingo M. Nabong, VP for Engineering; Jose Javier, VP for News & Public Affairs; Vivian C. Recio, VP for Local Production; Engr. Jose Elmer S. Lorenzo, Director - Engineering Development & Operations Group; and Daerwin S. Hortal, SVP for Station Operations

NEWS MODERNIZATION

To gain a new competitive advantage, ABC has converted from analog production to digital technology enabling it to enjoy unparalleled newsgathering and production

capabilities. ABC is now equipped with tape-less or digital disk-based cameras, which use an optical disk for storage rather than tapes. ABC is only second to China to use it in the region, and the first to use it in the Philippines. For remote broadcast capabilities, ABC will be equipped with SNG vans and portable antennas or SNG fly-aways.

The entire news process will be server-based, thus every aspect will be fully automated and news will be gathered, stored, accessed, produced and delivered fast by a system that binds everything. All editing will be non-linear and file-based instead of tape based.

LOCAL PRODUCTION UPGRADES

This functionality in news will also be translated to local production. To improve the quality of all locally produced shows, ABC will be using the same cameras as those used by News as well as lipstick or hidden cameras where required. Post-production will use non-linear editing. Eventually, like news, it will have a fully integrated end-to-end system. There is an ongoing comprehensive training and certification program to train and retool end-users on new technologies.

Edgar P. Barcial, VP for Merchandising; Ronald Q. Arciga, Supervisor, Programs Research; Ceferino M. Basilio, VP for Provincial Network Operations; Ma. Luisa V. Villacorta, VP for Finance; and Danilo A. Basa, Manager, Traffic. Marc S. Gorospe, VP for FM Radio; Ma. Luisa B. Lao, VP for Audit; and Pierre Paul S. Buhay, Chief Finance Officer - ABMC.

Sharon Leads Women Empowerment in TV5's Mega Afternoon Block

May 12, 2012

May is women empowerment month on **TV5** as it celebrates **Mother's Day** with a brand new afternoon block starting May 14.

Fulfilling afternoons begin with a special treat for the hardworking homemakers. ***SineTanghali*** is a two-hour screening of classic Pinoy old movies followed by afternoon teleserye, award-winning Koreanovelas and for her first show as a Kapatid, Sharon opens her arms again to ordinary people in ***Sharon: Kasama mo Kapatid***.

With gripping plots and exciting twists, Koreanovelas without a doubt are hit among Filipinos. On Monday, three of the biggest dramas in Korea are set to captivate viewers in different stories of family, friendship, love and betrayal.

White Lies is a story of Cheska and Jeremy, a young couple who is about to get married. When the Cheska got pregnant, Jeremy suddenly leaves her for a richer woman. The riveting story of a young mother begins as she bravely faces every challenge thrown at her for her child.

In Love You A Thousand Times, a young couple, Harold and Sandra, has been trying to conceive a child but unsuccessful. To her desperation, Sandra hires a surrogate mother, a plan unbeknownst to Harold. In a twist of fate, Eunice, the surrogate mother falls in love with the Harold's brother, Carlo. The real drama begins with this turn of events.

Pink Lipstick highlights the story of deception and betrayal. Andrea discovers that her husband, Aldwin, has an affair with her bestfriend Marivic. Adding to the shocking revelation,

their adopted daughter is actually their lovechild. Now, she plans to take revenge and her once normal life is changed forever.

After 30 years of blockbuster movies, chart-topping music albums, sold-out concerts and top-rating TV programs, Megastar Sharon Cuneta embarks on another milestone in her widely-followed showbiz career as she begins her first project on her new home, **TV5**—the daily talk show ***Sharon: Kasama mo, Kapatid.***

With her genuine heart that often brings out the most inspiring stories out of common people, the Megastar is poised to inject feel-good stories to the show's viewers. But aside from heartfelt narratives and engaging conversations, the show will infuse laughter and tears—both evoked by joy and strong emotion—from the highly entertaining mix of real-life stories and life celebrations.

The **Mega** afternoon block begins on Monday, May 14 with ***Felina: Princess ng mga Pusa*** at 11:30am, classic local blockbuster ***SineTanghali*** at 12:00nn, followed by ***White Lies*** at 2:00pm, ***Love You A Thousand Times*** at 2:45pm and ***Pink Lipstick*** at 3:30pm, ***Isang Dakot na Luha*** at 4:00pm. Celebrate life with real stories from real lives in ***Sharon: Kasama Mo Kapatid*** at 4:30pm only on **TV5**.

Aksyon the new rival news programs is TV Patrol and 24 Oras

Manila, Philippines – ‘**AKSYON**’ GOAL “Ma pantayan, malagpasan” is how **TV5** executive Patrick Paez puts it, referring to the goal of its longest running newscast “**AKSYON**.” For the moment, “**AKSYON**” has equalled, much surpassed, with the new competition ratings of **ABS-CBN**’s “**TV Patrol**” and **GMA**’s “**24 Oras**.”

Aggressive and compassionate, “higit sa balita, aksyon” is the mantra of the **TV5** newscast, anchored by Paolo Bediones, Cheryl Cosim and Erwin Tulfo, with Lourd de Veyra as weatherman and Shawn Yao as entertainment segment host.

“**AKSYON**” now airs at 6:30 p.m., by 30 minutes with its competition ratings of “**TV Patrol**,” and “**24 Oras**” but will be 45 minute short as **TV Patrol ABS-CBN NEWS** and **24 Oras GMA NEWS** airs until 7:45 PM.

TO THE RESCUE Even in terms of awards, “**AKSYON**” has its fair share, recognized not only for its news coverage but also for its public service component. One recent example is how “**AKSYON**” rescued a young girl from the South. Abandoned by her mother, the girl who’s mentally challenged is left alone and tieLet’s listen what **NEWS5** chief Luchi Cruz-Valdes has to say.

NEWS5 chief Luchi Cruz-Valdes relates that **TV5**’s flagship newscast in a timeslot was moved to 6:30 p.m. news habit has become a challenge for the fast-rising news organization. “But, you know, now we have created our own niche. There is now a new market for news. And that to me is for the benefit of news. We now have a bigger new,” shares the **NEWS5** head.

TV Journalist and return of King on Reality TV Paolo Bediones who returned to co-anchor for Aksyon, PLAN International ambassador Cheryl Cosim and Hard-hitting broadcast journalist Erwin Tulfo continue to influence viewers with their strong equity, gathering stories that compel viewers to do something. The three **AKSYON** anchors truly have an effective connection to the public, as evidenced by Paolo Bediones returning to **Aksyon**’s co-anchors whose almost two decade-TV career involves a lot of extreme challenges and in-depth stories of survival, gives face to **RESCUE5** and the other public affairs show **USI**, **Good Morning Club** and returning King of Reality TV with the new reality shows **Extreme Makeover: Home Edition Philippines**. Cheryl Cosim’s recent award as the Best Public Service Program host for “**Alagang Kapatid**” (which also won the Best Public Service Program trophy) at the **20th KBP Golden Dove**

Awards. Erwin Tulfo is deemed as the voice of the aggrieved through his other public affairs shows, “**T3**” (with brothers Raffy and Ben) and “**Tutok Tulfo**.”

“**AKSYON**” delivers the most important news you bought to know in 30 minutes at 6:30 pm. This lets viewers become informed fast and first, especially in times of public advisories on natural disasters and trying times. Through **News5 Aksyon Center** and **Rescue5**, “**AKSYON**” extends public service beyond delivery of news. More and more people trust the newscast because of its “**Bido Bandido**” segment wherein concerned citizens voice out problems from their community for quick resolution. Also presents stories that wrap up a day’s work at **RESCUE5**, the very first specialized and trained news organization-based group of emergency response teams that roam around the roads of Metro Manila to gather stories and at the same time respond to victims of road mishaps or any calamities as the need arises.

WEATHER, SHOWBIZ “**AKSYON**” also features the most advanced weather graphics system powered by Metra, the world’s leading provider of weather graphics, via its segment “**Weather or Not**” anchored by Lourd de Veyra. Apart from accurate and easy-to-digest weather forecast, the segment features Lourd’s brand of witty and no nonsense political climate analysis through “**Sabi ni Lourd**.”

TV host Shawn Yao, meanwhile, dishes out the juiciest stories from the entertainment scene on “**Showbiz Aksyon**.”

Though relatively new in the newscast arena, “**AKSYON**” *already has a share of exclusives of national concern. In one historic face-off interview since the contested 2007 senatorial polls, newly resigned Sen. Miguel Zubiri and Atty. Koko Pimentel patched up their differences on national TV first and exclusive on “AKSYON”* last August. Erwin’s eye-opening story on the Bilibid drug trade has led to an investigation. The newscast also documented a series on OFWs involved in drug trade in Macau, Singapore, and Malaysia. “**AKSYON**” also scooped some exclusives on Ramgen Revilla slay case with Cheryl securing Janelle Manahan’s video in the hospital room after her operation and Erwin delivering exclusive developments in the case.

Catch the latest news here and abroad fast and primetime on “**AKSYON**,” now airs from Monday to Friday at 6:30 p.m. on **TV5** (with simulcast broadcast on **AksyonTV**, **Radyo Singko 92.3 News FM** and **TeleSingko**).

TV5: TV Promo for "PILIPINAS NEWS"

[Edit](#)

Puno, Mercado, Francisco, ang bagong progresibong pilipino para sa pambansang balitaan, PILIPINAS NEWS. Alas onse ng gabi sa TV5.

PILIPINAS NEWS, the new kind of late-night newscast, anchored by Atty. Dong Puno, Cheri Mercado and Jove Francisco. Bringing the news and unique perspective from JournalisMO Facebook and twitter.d up by her father who had to work every day. Concerned neighbors pleaded for **SOS** and "**AKSYON**" came to the rescue of the poor girl, hungry and wallowing in filth.

"**AKSYON**" saw to it that the girl was given proper attention and then turned over to the DSWD which is now taking care of her.

By the way, Patrick Paez is now seen oncam, hosting "**Dokumentado**." Asked when wife Daphne Oseña of **ABS-CBN** is moving over to **TV5**, Patrick could not answer right away, but then said, "Mahirap katrabaho si kumander." Let's leave it at that.

Colleague Mario Bautista noted that "**AKSYON**" is now a new rival ratings of **ABS-CBN**'s "**TV Patrol**," and **GMA**'s "**24 Oras**."

Aksyon the new rival news programs

Viewers eager to watch the news before the new 6:30 p.m. airing have given **Aksyon**, an unprecedented new growth in ratings. In fact, **TV5**'s banner news program has often shot up to the no. 1 spot in its timeslot, with the new rival news programs.

"The success of **Aksyon** can be attributed to the combination of two important factors," Tulfo related in a press conference on Tuesday. "The first being the new time slot, the new competition ratings of **TV Patrol** and **24 Oras**, our different approach in delivering the stories of the day."

According to Tulfo, while **Aksyon** gives a complete coverage of national news, it has bumped up community news in its story lineup.

"We tackle national news later on in the program and begin with stories straight from where our viewers' come from," he explained. "These are the stories that the other news programs air as briefs in their police reports. We find on the other hand that our audience appreciates learning about what's going on in their neighborhoods so they can be well prepared for any eventuality."

Based on the performance growth of **Aksyon** in the last four quarters (January 2012 to date), the primetime newscast has shown remarkable uptrend both in national urban and Mega Manila. According to **Nielsen Media Research**, **Aksyon** has spiked from 11.4 percent audience share in Q1 to 18.1 percent in Q4 in NuTAM; and from 14.1 percent audience share (Q1) to

23.9 percent (Q4) in MegaTAM—relatively gaining from the news program counterparts in both **ABS-CBN** and **GMA**.

Though relatively new in the newscast arena, Aksyon already has a share of exclusives of national concern. In one historic face-off interview since the contested 2007 senatorial polls, newly resigned Sen. Miguel Zubiri and Atty. Koko Pimentel patched up their differences on national TV first and exclusive on **Aksyon** in August. Pediones' presents stories that wrap up a day's work at **RESCUE5**, the very first specialized and trained news organization-based group of emergency response teams that roam around the roads of Metro Manila to gather stories and at the same time respond to victims of road mishaps or any calamities as the need arises. and almost two decade-TV career involves a lot of extreme challenges and in-depth stories of survival, gives face to **RESCUE5**. Tulfo's eye-opening story on the Bilibid drug trade led to an investigation. The newscast also documented a series on OFWs involved in drug trade in Macau, Singapore and Malaysia. Aksyon further scooped some exclusives on the Ramgen Revilla slay case with Cosim securing Janelle Manahan's video in the hospital room after her operation; with Bediones and Tulfo delivering exclusive developments in the case.

News5 Gaining Ground: If ratings are to be believed, "**Aksyon**" has been encroaching on the viewers of newscast that air across it on channels 2 and 7. **TV5** counter programming strategy in 2012 by airing its news program 30 minutes ahead of the new competition ratings of "**TV Patrol**" and "**24 Oras**" at 6:30 p.m. slots, followed by a game and variety show.

News director Patrick Paez said possibly one of the strengths of "**Aksyon**" and their other news and public affairs programs as well is the kind of talents they place on cam.

"Our talents are organic, they are not manufactured. What audiences see on TV are real people doing real things," he said.

Paez cites, for instance, their weather man, Lourd de Veyra. A literary artist and 4-time Palanca awardee, Lourd anchors "**Aksyon's**" "**Weather or Not**" segment.

But aside from the physical weather report, the sometime editor and band player (Radioactive Sago) indulges in his own "**The Word of the Lourd**," often an irreverent take on social issues affecting the political weather of the country.

Aksyon now airs Monday to Friday at 6:30 p.m. on **TV5** (with simulcast broadcast on **AksyonTV**, **Radyo Singko 92.3 News FM** and **TeleSingko**). (TMA)

JC De Vera to steal Nina Jose's heart?

JC De Vera, is not only making a name but is also out to steal Nina Jose' heart in the leading soap opera in the country **Valiente**.

JC, an established commercial model and an actor whose popularity is slowly rising and inching its way towards the matinee idol status, has been seen in the popular television programs **Hey! it's Saberday!** and **Lokomoko**. Now, he is not only going after the hearts of those who have watched the two programs, but is out to conquer the hearts of the soap opera fans in **Valiente**, as well.

TV5's newest noontime fare

The long wait is finally over. **TV5's** much talked about noontime show was relaunched on last February 18 and finally debuts this coming June 16.

"Game 'N Go" is slated for a noontime slot to compete with the TV ratings of **Eat Bulaga!** and **It's Showtime!**, but unlike its counterparts this show promises to serve a buffet of treats for everyone. Instead of your run-of-the-mill noontime variety program, **"Game N Go"** takes the elements of a variety show, game show, and comedy sketch show.

Industry veterans Edu Manzano and Joey de Leon are together for the first time ever, leading the program as its "game makers." Supporting them are Arnell Ignacio, Gelli de Belen, Eugene Domingo and Shalani Soledad-Romulo as "game keepers."

"Game 'N Go" will feature original games like **"True or Fall," "Singgaling Go," "Yugyug Tube," "Pritong Pares," "Game 'N GOcery"** and the famous international game **"Face It."** These games will allow participating studio audiences and home viewers to win big prizes. Contestants are in for a real high-stakes game with **"True or Fall,"** while those who consider themselves in tune will definitely be in for a challenge with **"Singgaling Go."** On the other hand, a few minutes inside the **"Yugyug Tube"** will surely test the participants' sense of balance. Conquering **"Face It"** will prove a feat for those afraid to conquer the giggles. Aside from the fun games and wacky contestants, viewers should also tune in for the live musical performances and entertaining sketches from celebrity guests.

MANILA, Philippines - TV5 Network's entertainment show **Paparazzi** has already aired its final show last July 29 while **Juicy!** will go off air on August 4. The report was confirmed by [PEP.ph](#) and indeed **Paparazzi** finally went off air after 2 years and 3 months of airing. On the July 29 show, the hosts never said their goodbyes on air but apparently they were advised by TV5 management.

Paparazzi was first hosted by **Cristy Fermin**, **Dolly Ann Carvajal**, **Ruffa Gutierrez**, **DJ Mo Twister** and **Hayden Kho**. After the exit of DJ Mo and Ruffa, **Zoren Legaspi** and **Mariel Rodriguez** joined the cast only this year, meanwhile **Mr. Fu** or *Jeffrey Espiritu* in real-life has been a segment host of **Paparazzi** under *Paparazzada*.

One of its hosts, **DJ Mo Twister** was involved with the [alleged "abortion" scandal](#) where Kapuso actress **Rhian Ramos** was directly pointed by the host. The video expose was uploaded in YouTube featuring **DJ Mo Twister** exposing the abortion made by **Rhian Ramos**. The video expose happened days after **DJ Mo Twister** said his goodbye from **Paparazzi** in December 2011.

Ruffa Gutierrez also shared her own spice after she resigned from the show last June 2012 due to a [malicious segment](#) during her birthday celebration on **Paparazzi**. She vented out her emotions over her official Twitter page after the show.

Meanwhile, the daily showbiz talk show **Juicy!** is confirmed to air its final show on August 4 after four years of airing. It was originally hosted by **Alex Gonzaga** and **IC Mendoza** since 2008 and later on, **Cristy Fermin** and *Shalala* joined the two in 2010.

TV5 strengthens public affairs programming

PANGILINAN-led **TV5** continues with its efforts to strengthen its news programming by launching a new late night public affairs show.

Debuting Monday last week, **Reaksyon** hopes to introduce another first-of-its-kind format as it mixes commentary and in-depth reports on the day's headlines.

Hosted by **TV5's** News Head Luchi Cruz-Valdes, **Reaksyon** aims to widen people's knowledge of the news with firsthand insights from the network's pool of reporters and correspondents.

“At a time when news tends to clutter public awareness, **Reaksyon** aims to answer the question: ‘So what?’ This ground-breaking program will also deliver exposés, investigative reports and additional information that leaves viewers clearly informed,” Ms. Cruz-Valdes said in a statement.

Reaksyon airs weeknights at 12 midnight, right after **TV5**’s late night news program **Pilipinas News** or **P-News**.

Anchored by Atty. Dong Puno, Cherie Mercado and Jove Francisco, **P-News** airs every weeknight at 11:30 p.m.

“The national late-night newscast goes beyond the traditional forms of news delivery. It offers a critical perspective on the day’s news and even outlines solutions that seek to alleviate pressing concerns,” Ms. Cruz-Valdes said.

“As Filipinos grow tired and weary of bad news and political deadlock, **P-News** will aim to deliver untold stories of citizens finding ways to better their lives and impact on the lives of others,” she added.

Meanwhile, **TV5**’s long-running primetime news program **AKSYON**, bannered by Paolo Bediones, Cheryl Cosim and Erwin Tulfo, has now found that it is competition which aired on 6:30 p.m. time slot to directly compete with the rivals of flagship news programs **TV Patrol** and **24 Oras**.

Based on the year-on-year index culled from Nielsen Media Research, **TV5** claims that **AKSYON** was able to triple its mass viewership to more than 1.5 million viewers last year, compared to its viewership levels in 2010. **TV5** said the program has already attracted about 1.2 million viewers as of last month.

“The way I see it, we now have a bigger place for news because our audience believes that we deliver more than what we promise. Our ‘*Higit sa balita, aksyon*’ thrust has evolved to a call to remain vigilant and informed,” Ms. Cruz-Valdes explained.

AKSYON airs weeknights at 6:30 p.m. after **TV5**’s public service program **T3 Reload: Kapatiran ng Serbisyo Publiko** anchored by the Tulfo brothers Raffy, Ben and Erwin at 6 p.m.

“Throughout their respective careers, the Tulfo brothers cemented a very strong image of calling out erring public officials and criminals,” Ms. Cruz-Valdes said.

“The Tulfo brothers continue to guard consumer welfare and rights, lead crime exposés and prevention and advocate issues concerning women and children. Viewers will see them in the field, tackling public concerns head on,” she added. Since its inception two years ago, **NEWS5** - the news and information arm of **TV5** -- has aimed to raise the bar in broadcasting by introducing many firsts in broadcast journalism and public service.

For example, **RESCUE5**, its emergency response unit, has been active in responding to disasters and natural calamities. During operations, **RESCUE5** utilizes

trained **NEWS5** personnel, led by Mr. Bediones, to help in operations with the team's own rubber boat and specialized crew cab units.

NEWS5 also pioneered the most advanced weather news delivery in the country through its partnership with Metra Weather System, the leading provider of weather graphics presentation systems.

TV5 launches 12 new shows

V5 launches 12 new shows [Edit](#)

After making its presence felt in the local TV scene in recent years, Pangilinan-led **TV5** aims to beat its long-established rivals at the ratings game this year with more than a dozen new shows to bolster its programming lineup.

In a press conference last Wednesday, **TV5** President and Chief Executive Ray C. Espinosa unveiled the network's aggressive stance to challenge the dominance of **ABS-CBN Corp.** and **GMA Network, Inc.** at the top of the TV ratings charts.

"Our goal is to overtake the competition and win by giving viewers something new, something they will look forward to watch on TV," Mr. Espinosa told reporters.

He said more new shows will be launched this year to prove that the network is armed and ready to take on the two other networks for a battle for TV ratings.

"Hindi kami magpapahuli. (We will not be left behind.) We want to prove that **TV5** is a major network, and we can provide shows that have more quality, more originality and more excitement," he said.

For the first quarter of the year alone, **TV5** beefs up its programming with a wide array of shows across all time blocs.

Last night it started airing its latest prime-time miniseries, **Nandito Ako**, starring American Idol runner-up David Archuleta.

Joining Mr. Archuleta in the six-week series are **TV5** contract stars Jasmine Curtis-Smith and Eula Caballero. The show airs weeknights 9:30 p.m., right after **Wil Time Bigtime** and back-to-back with the nightly drama series **Valiente**, which began airing last week.

Meanwhile, **TV5** will also challenge the dominance of **GMA** and **ABS-CBN** on the afternoon programming block with the launch of two drama shows.

Felina features Arci Muñoz in the lead as a kind-hearted girl whose only wish is for people to love and accept her despite her cat-like appearance.

Isang Dakot na Luha is a drama about ordinary people struggling to make ends meet amid the harsh realities of life in Manila.

The two new dramas will both premiere on Feb. 27, with **Felina** airing at 3:00 p.m., and **Isang Dakot na Luha** following at 3:45 p.m.

Aside from having new drama shows, **TV5** also launched a new comedy-drama, **Kapitan Awesome**, which began airing last Sunday.

The show stars actor Martin Escudero as an ordinary boy who transforms into an ugly superhero when he eats his favorite dumplings. It airs Sundays, 11:30 a.m. after the game show **Toink! Sino Ang Tama?**, which debuted on Feb. 12.

New news shows [Edit](#)

Meanwhile, **TV5**'s news and information team **News5** has also announced several new shows including a late-night newscast called **Pilipinas News**, which began airing last night.

Pilipinas News replaces the news show **Aksyon Journalism**, although the same news personalities (Dong Puno, Cherie Mercado and Jove Francisco) anchor it. It airs weeknights at 11:00 p.m.

It has also revamped its morning news magazine show **Sapul Sa Singko** and renamed it **Good Morning Club**. It began airing on Feb. 6, and is hosted by Paolo Bediones, Martin Andanar, Cheryl Cosim, Amy Perez, Christine Bersola-Babao and Chiqui Roa-Puno. It airs weekdays at 5 a.m.

News5 also launched a late-night public affairs show, *Insider*, which offers behind-the-scene glimpses of how some of the country's most interesting institutions operate. Airing Thursdays at 10:30 p.m., *Insider* features stories told by **News5** chief Luchi Cruz-Valdes, news production head Patrick Paez, anchors and hosts Erwin Tulfo, Cheryl Cosim, Paolo Bediones, Raffy Tulfo, Cherie Mercado, Martin Andanar, Lourd De Veyra and Mike Templo.

Mr. Espinosa said **TV5** will also present new game and reality shows, starting off with the **Biggest Game Show in The World Asia**, which began airing Feb. 12.

It features a team from the Philippines competing in various parlor games and physical challenges against teams from Indonesia, Thailand and Vietnam.

Hosted by Joey de Leon and Richard Gomez, it airs Sundays, 9 p.m.

Meanwhile, **TV5** will air **Extreme Makeover Home Edition Philippines** starting March 26. The show, which builds homes for deserving people, features a design team of Paolo Bediones, Tessa Prieto-Valdez, Divine Lee, Tristan Jovellana, Marilen Montenegro and Joby Belmonte. For the rest of 2012, Mr. Espinosa said **TV5** will launch more game and reality shows, including the singing contest **Kanta Pilipinas** with Lea Salonga, the dance competition **Dancing Nation** with Lucy Torres-Gomez, the reality dating show **Love in Temptation Island** with the **TV5 Kapatid** stars Derek Ramsay, and the local version of the Emmy-award winning reality show **Amazing Race**.

Noontime race [Edit](#)

But **TV5**'s most surprising maneuver was its decision to launch a new noontime show that will go head-to-head against long-running noontime program **Eat Bulaga!** airing on **GMA**.

The show is called **Game 'N Go** and will feature a number of games that will allow contestants to win huge cash prizes. Hosted by Edu Manzano, Arnell Ignacio, Shalani Soledad and Gelli de Belen, **Game 'N Go** will begin airing on March 10 at noon.

Mr. Espinosa said **TV5** is also preparing to launch a daily talk show featuring Sharon Cuneta. The show, called **Sharon**, will air weekdays at 2:30 p.m. starting March 12 right after the 5 minute music video program **Kapatid Music Videos**. While **Felina** and **Isang Dakot na Luha** will be moved to 3:15 to 4:30 p.m. slots.

"There's more shows to come, and there are more, more, more reasons to tune in to **TV5** where TV viewing gets more thrilling, more exciting and all the more fun," he said. -- **Jeffrey O. Valisno**

TV5 Int'l continues to make waves abroad

Jun. 21, 2014 at 06:00pm

Watch out for the refreshing change-over as the powerhouse merger takes place. Between ABC-5, the country's fastest growing network in the country and TV5, the newest leader in the Happy network. ABC-5 now merge to the Kapatid network TV5. Giving the Fastest Growing Network and the Kapatid branding network through the new lineup of programming.

As the fastest rising network in the Philippines, TV5 now blazes the trail in Philippine broadcast innovation not only by producing high-quality news and public affairs, sports and entertainment programs but also by offering a multi-platform approach in reaching Filipinos across the country and around the world.

It is owned and operated by the Associated Broadcasting Company, solely owned by MediaQuest Holdings, Inc., a wholly owned subsidiary of the beneficial trust fund of the Philippine Long Distance Telephone Company headed by business tycoon Manuel V. Pangilinan. While it is widely known that TV5 is in fact the 'fastest growing broadcasting network in the Philippines,' TV5 International has meanwhile taken the responsibility of translating this already remarkable title to the global stage.

Claro Carmelo Ramirez, TV5 International President and Chief Executive

In a span of three years, TV5 International has already successfully distributed some of the Kapatid Network's most-watched programs all over the world, including, most recently, the various key territories in the African region, as well as to the Philippines' neighboring Asian countries.

TV5 International President and CEO Claro Carmelo Ramirez notes, "Since 2011, side-by-side with our commitment in bringing the Kapatid Network's top programs to every Filipino household all over the world, TV5 International has also made it its mission to proudly introduce our various programs—and in turn, showcase the Pinoy talent—in the international scene. So far, the positive feedback of the global market to our various offerings has confirmed that our programs are indeed world-class."

As it is, key African markets have continuously clamored and demanded for more TV5 shows, after widely accepting programs like *Handful of Tears (Isang Dakot na Luha)*, *Roses and Thorns (Mga Nagbabagang Bulaklak)*, *The Poor Heiress (Babaeng Hampaslupa)*, *Glamorosa*, and *Valiente*.

In addition, regional viewers from nearby Asian countries like Cambodia, Brunei, Malaysia and Vietnam, have also been in awe of the Kapatid Network's shows after commissioning the titles *Felina*, *Cassandra*, *Third Eye*, *Enchanted Garden*, *Undercover* and *Misibis Bay*.

"Non-Pinoy viewers have appreciated what TV5 International has to offer because time and again, we have proven that the Kapatid Network's programs are different, innovative, and ultimately entertaining. Further, with the international community's wide acceptance of our programs and admiration of the talent of our TV5 artists, this has solidified our future plans in forging even more partnerships with more networks in other parts of the world," shares Ramirez.

In 1960, a third station was in operation, DZBB-TV Channel 7 of the Republic Broadcasting System. It was owned by Robert "Uncle Bob" Stewart, a long-time American resident in the Philippines who also started with radio in 1950. RBS started with 25 employees, a surplus transmitter, and two old cameras.

During this time, the most popular horror drama series on Philippine television was *Gabi ng Lagim*, the talk show *The Rafael Yabut Show*, the first-ever dancing variety show *Dancetime with Chito*, the musical variety show on late-night *The Bob Stewart Show*, comedy show *Eskwelahang Munti*, the children show *Uncle Bob's Lucky 7 Club*, the first-ever counseling program *Father Bob and His Telephone* and the network's flagship news programs are *Tagalog News*, *The News with Uncle Bob* and *Bulletin News*. The canned foreign TV shows *Combat*, *77 Sunset Strip*, *The Untouchables* and the cartoon *Popeye*, *Gumby* and *Baby Huey*. Uncle Bob, pioneered the coop spots and live advertising promotions on television had 2 television cameras and a surplus transmitter. Made the network endear to its viewers when they acquired the rights

to foreign TV shows abroad like *Mission Impossible*, *Combat* and more. During the '60s, DZBB TV-7 was home to popular foreign shows.

DZBB-TV recognize the potential in canned foreign programs for the growing middle-class market. RBS 7 rated consistently at the bottom and it was in the brink of bankruptcy and claims for the number 1 spot in ratings against ABS-3, CBN-9, ABC-5, IBC-13, MBC-11, Clark Armed Forces 8 and PBS-10.

CINEMA5 [Edit](#)

TV5's movie production outfit, **Cinema5**, strengthened its position as a major player in the industry after just six years of operation. Despite the industry-wide slump in movie receipts, Star Cinema produced all films last year, eight of which were box office hits, most notably *Rosario, Bata, Bata, Paano Ka Ginagawa?*, *Ang Babae Sa Buhay Ni Selya* and *I'll See the Sun*.

Ang Babae Sa Buhay Ni Selya received wide international attention, touring all festivals and receiving awards from the 48th Berlin International Film Festival, the Newport Beach International Film Festival, and the Turin Film Festival in Italy. **Cinema5** also released all movies to commercial theaters in Guam this year. Movies produced by **Cinema5** were also seen on international TV, such as Canadian TV (DISCTA, Quebec), and TV12 Singapore. Gabby Concepcion movie-starrer *Father's Story* was seen on **MAX-Star Movies-HBO** in May 2011, while *Ang Babae Sa Buhay Ni Selya* was scheduled for cable viewing in June 2011.

This fulfills the Entertainment Group's mission to mold a talent pool that is not beholden to the industry star system, one that is multifunctional and may be shared among **TV5** and its various entertainment concerns. Among the new generation superstars developed from the **Talent Center's** stable are Eula Caballero (still in Viva Talents), Ritz Azul, Arci Munoz, Alwyn Uytingco, Oyo Sotto, BJ Go and Edgar Allan Guzman. **Talent Center** "babies" with their mentors, **TV5 Vice-President** Bobby Barreiro and **TV5 President** Ray Espinosa.

The **PBA**'s winning **2011-12 seasons** captured the imagination of basketball fans nationwide. Aiming to bring basketball and provide entertainment to the countryside, and discover and hone untapped talents, the **PBA** continues to push the boundaries with its homeand- away live coverage of games separately played in the north and south, a first and a feat in Philippine basketball. The **PBA** banks on the regional format of competition, a winning formula that has enticed even the non-traditional target audience to get involved. **TV5**'s **Sports5** commitment to sports development continues further through its launch of the **Regional Boxing Knockout series** last year. Through distribution sales, North American cable subscribers now number 60,000, while there were 10,300 registered subscribers in Saudi Arabia in less than 10 months of operations. **TV5 International** and **AksyonTV International's** owned and operated North American Direct-to-Home (DTH) satellite service reaches 15,200 subscribers despite the failure of satellite Galaxy 4 in May 2011 and the resumption of services via satellite **Telstar 5** and **Mabuhay Channel** in mid-June. Sales are strong in California and the U.S. East Coast. Through the North American satellite, dish owners now receive **KTV5** as well as the **AksyonTV**, **AKTV**, **Kids5** and the **5 Max Movie Channel**. **TV5 International** and **AksyonTV International's** other principal business is to provide long distance services through fully-owned subsidiary, **Telecom5**, with the assistance of **Smart Communications**, which owns 30% of **TV5 International** and **AksyonTV International**. Last year, the "**Tawag Na Kapatid**" and "**Kapatid One**" pre-paid call cards combined generated 1 million minutes of calls from the United States to the Philippines, while "**Bayan Collect Sa America**" generated a total traffic of 1 million minutes. **Telecom5's** call mall in Milan continues to operate, with other call malls scheduled for opening in Rome, Madrid, Barcelona, and Athens in 2011. **Telecom5** has a license-to operate application pending in Canada and the U.K., which will serve to meet the increasing telecommunication needs of Filipinos around the world.

THE FUTURE [Edit](#)

As the millennium draws to a close and the Philippine economy is on its way to recovery, **TV5** burns bright into the future. Touted to be a "**TV5 Media Center**", construction of Project 9501 resumes in 2012. Over the past two years, total manpower has grown by almost three times because of expansion and the advent of subsidiaries. Station TV and radio programs have also more than doubled. Fifty percent of 9501 shall thus be allocated to the growing space needs of **TV5's** group of companies while the other half is meant to be leased to other companies under the **MVP Group**. Project 9501 shall house modern technical facilities,

mainly studios which shall be configured towards a fully digital infrastructure. It would soon be possible for all program sources to be accessed, processed and stored in the digital domain — moving towards better efficiency and cost-effectiveness.

Notable sketches [Edit](#)

- **Good Burger** is a sketch that took place at a fast food restaurant. The cashier, Ed played by Gordon Ramsay, was portrayed as a clueless teenager who always found a way to mess things up. A notable quote from Good Burger, stated by Chef Ramsay in every episode, was "Welcome to Good Burger, home of the good burger, can I take your order?" When not dealing with a customer, he would bang on the cash register while singing "I'm a dude, she's a dude, he's a dude, 'cause we're all dudes. HEY!" Frequent customers include: Bernie Kibbitz (Matt Bennett), Lester Oaks, Construction Worker (Ted Allen), and Connie Muldoon (Gage Golightly).
- **Cooking with Randy and Mandy** is a sketch starring Drake Bell and Josh Peck. Every now and then, When Cooking With Randy and Mandy started, the two greeted each other with "Hi, Randy," and "Hi, Mandy." The two played a duo named Randy and Mandy, who had their own cooking show on the fictional channel 106B. Every recipe concocted by the duo always contained massive amounts of chocolate (for example: spaghetti smothered in chocolate syrup). The only reason they had chocolate for every recipe is only because they are obsessed with chocolate. In one sketch, Randy gets in a hot tub that, instead of water, contains liquid chocolate. When Angelique Bates left, the sketch was renamed Cooking With Randy, with the explanation being that Mandy had been sent to a chocolate rehabilitation center. A different chef would appear each time with their own preferred ingredient (such as a chef played by Chris Farley, who preferred ketchup) and Randy would have to demonstrate chocolate's superiority.

- **Walter the Earboy** discussed the trials and tribulations of a teenager named Earboy, because (as the theme song goes), "his ears are *really big!*" Earboy (Carlos Knight) went to a school where he was always made fun of. He and his three friends Pizza Face (Matt Shively) (he had a slice of pizza for a face), Tinsel Teeth (Keke Palmer) (her mouth was full of Christmas decorations), and Four Eyes (Ashley Argota) (she had four eyeballs in two sockets) faced teenage problems while trying to fit in. Thankfully, they had help from "a freak like us, but everyone likes him, and he's got a lot of money"-namely, [Ross Perot](#) (played by Jennette McCurdy). Mocking Perot's wild attitude, Johnson often threw piles of money in the air and offered insane advice to the foursome. The four appear to be students at Dullmont Jr. High School.
- **The Inconvenience Store** featured two "hoodrats" named Laneesha (Ryan Potter) and Latanya (Noah Munck) who work in a convenience store called Quick & Fast. They were loud and had a tendency to be rude to customers, and even verbally berated someone who tried to rob the store (Danny Tamberelli). Latanya's arch-nemesis was Latasha (Nathalia Ramos). At the end of the sketches, Latanya would say "It's time to get our freak on!" and dance to [Miami bass](#) music. Latanya was later added as a major character and Noah's (fictional) cousin in *The Noah Munck Show*, again played by Nick Cannon.
- **Channel 6 ½ News** featured Brenda Stone (Gracie Dzienny), a rather obnoxious news anchorwoman, and Ray Borealis (Leon Thomas III), a weatherman who was often put into dangerous places to report the weather (i.e., a hurricane in Montana, the North Pole, Mars, Death Valley, a dumpster, a very tall building, etc.)
- **Whatevrrrr!** A sketch starring Miranda Cosgrove and Jennette McCurdy as Gina and Jessica. They played a pair of loud, ditzy [valley girls](#) who hosted their own television show. The duo commonly talked about very materialistic things, such as broken fingernails, and their obsession with Nathan Kress. This sketch, like "Cooking With Randy And Mandy", aired on channel 106B, and in addition had a set change and theme sketches, sometimes with famous people like NBA superstar [Kobe Bryant](#). One of the sketches was on the 100th episode when Gina threw a surprise birthday party for Jessica which she brought out a birthday cake with the [Backstreet Boys](#) on it. Gina gave Jessica a present David Del Rio, the star of [Cousin Skeeter](#) after he was dragged off the streets from Gina and then wrapped him up as a present who then escaped after Jessica thanked Gina. However, Repairman appeared overhearing Jessica, who had just broke her fingernails, and started to wreck the whole "Whatevrrrr" set which ended with him breaking the camera.
- **Harry Bladder** a spoof of [Harry Potter](#). In it, Harry Bladder (Jerry Trainor), [ReRon](#) (Ryan Potter), and [Herhiney](#) (Nathalia Ramos) would attend magic class, usually potions with [Professor Chafe](#), whose legs were badly chafed, causing him to be unnecessarily mean. The students often encountered the mischief-making [Sacco](#) (Ashley Argota). Many sketches including brewing potions that did silly things, like enlarge students' behinds,

give males large breasts, or change people into [bras](#). In one episode, Kenan Thompson appeared as Headmaster Pimpell (based on his old character); his grotesque pimple turned out to be the head of [Lord Moldyshorts](#). A parody of this parody was, in the show *Planet Sheen*, where Carl said Sheen's character in the play was Perry Bladder, a very close parody.

- ***Crazy Cab Driver*** starred Ryan Potter as Zigfried, an incompetent [taxi cab](#) driver who would pick up various people. He would often sing "OL-LAY", annoy the passengers while driving, and call angry drivers "KUMQUAT!". One memorable sketch would be when the passengers were Miranda Cosgrove and Elizabeth Gillies reprising their roles as the [Spy Kids](#). The passengers would never get to their destination and would fall out of the cab at the end of the sketch.
- ***Vital Information*** is a sketch in which Jerry Trainor deadpanned ridiculous sayings, usually three in a row.
- ***Know Your Stars*** a sketch that gave facts and info about a cast member or special guest. The sketch involved a random voice that made a mockery of individual cast members or guest stars with embarrassing, wacky, funny, but untrue facts. An example of this is: "Victoria Justice, hasn't brushed her teeth in 6 months." Almost all of them complain about this, with the exception of Totally Kyle ([Drake Bell](#)) when he agrees with everything the voice says and Pickle Boy who just tilts his head. This short sketch would appear during every episode. Brian Peck provided the voiceovers of the sketch.
- ***ChitChat*** was a sketch that featured Stacy Chit (Miranda Cosgrove), host of her own late-night show "where the chat hits the fan!" Stacy always booked exciting guests, including pro skater [Tony Hawk](#). Unfortunately, the guest would never do anything exciting, and often told long, boring stories (in the case of Tony Hawk, he wanted to discuss the joy of [knitting](#)). During those boring stories, Stacy would do something distracting to the guest, interrupting his/her story. When Stacy tired of the guest, she would scream "BORING!" and press a button on her desk. The guest's chair would then eject them, sending him or her flying out the window. In one memorable sketch, after Stacey launched someone, she went to sit down...unintentionally falling on the floor when trying to sit on her chair and causing everyone on set to laugh uncontrollably, including Giovonnie herself.
- ***Trashin' Fashion*** starred Victoria Justice and Jennette McCurdy as Carlee and Marlee, two girls with a "passion for trashin' fashion!" The two would report live from various high school related events, such as a dance or a party. Carlee and Marlee would walk around the room and mock everyone's clothing choices but their own. Kyle would sometimes appear as the special "Nerd Correspondent." One notable sketch featured Carlee and Marlee making fun of police officers in too-small uniforms!

MANILA, Philippines - **TV5 Entertainment and Creative Services** head Perci Intalan finds it flattering that the station's strategic approach to the competition is said to be causing a shakeup in the news programs of two rival networks, **ABS-CBN**. **TV5** switching to be a No. 1 Kapatid Network.

What we said about changing the TV audience's viewing habits is finally coming true, Intalan told the Inquirer on Friday.

TV5'also known as the Kapatid network has a new set of game show, the all-new ***Wil Time Bigtime***, which airs with the new timeslot at 7:00 p.m. to 9:00 p.m. on weekdays and 5:00 p.m. to 7:45 p.m. on Saturdays.

Marissa Flores, senior vice president for news and public affairs of **TV5**'s other rival, **GMA 7**, commented: Our observation is that it is largely the audience of ***TV Patrol*** that ***Aksyon*** and ***Wil Time Bigtime*** are eating into. She pointed out that ***24 Oras*** remains ahead in Mega Manila ratings.

News5 recently announced Paolo Bediones return to co-anchors of ***Aksyon*** last October 3, 2011.

It will be a solid programming block that, we expect, will attract a lot of viewers, Mr. Intalan said.

The all-new **Wil Time Bigtime** airs with the new timeslot Mondays to Fridays, 7:00 to 9:00 p.m., after **TV5's** news program ***Aksyon*** airs 6:30 p.m. time-slot starting March 12.

TV5 mounts first quarter storm

In what has already become its traditional premium type presentation, **TV5** launched its new programs for the year that consisted of *seryes*, game and comedy shows, reality shows, and News & Public Affairs programs at the **NBC Tent** last week.

The top brass were present from its president, lawyer Ray Espinosa and EVP Bobby Barreiro, plus many of the actors and hosts although we missed a whole lot like News head Luchi Cruz-Valdes, Amy Perez, Tintin Bersola, Richard Gomez, Joey de Leon, Gina Alajar, Lourd de Veyra, Cherie Mercado and Michael de Mesa. Am glad, however, to find Chiqui Roa-Puno, Alice Dixon, Paolo Bediones, Tessa Prieto-Valdes, Gelli de Belen, Shalani Soledad-Romulo, Arnell Ignacio and Martin Andanar present.

The press awaited David Archuleta whose *teleserye* is currently being plugged to death. Popstar Princess Sarah Geronimo whose 30-minute Viva teen telemagazine-drama series **Popstar TV** airs weekdays 4:30 to 5:00 p.m. Of course, we expect the official welcome of the Megastar Sharon Cuneta into the **Kapatid network**, which will be given another *bongga* treatment sometime in March.

New shows introduced were primetime classic *teleserye* remake **Valiente** and David's **Nandito Ako**; the afternoondramaseryes of a cat-like person in **Felina** and the tearjerker **Isang Dakot na Luha**; and the *komikserye* **Kapitan Awesome**.

There are game shows galore this month, with Alex Gonzaga and Chris Tiu's **Toink! Sino Ang Tama** given a comic twist (Sundays, 11:30 a.m.); **Biggest Game Show in the World Asia** hosted by Richard Gomez and Joey de Leon where 30 Pinoys battle those from Thailand, Vietnam and Indonesia, among them, Mark Manicad, Alizon Andres, Linda Persson, Via Antonio, Cassie Umali and Lucky Mercado (Sundays, 9 p.m.); and in March, the first-ever noontime show **Game 'N Go**, hosted by Edu Manzano, Pretty Trizsa, Shalani, Arnell, Gelli plus Wendy Valdez and Tuesday Vargas.

Reality shows will fill up the entire 2012 calendar starting with **Extreme Makeover: Home Edition Philippines** hosted by Paolo Bediones with Tessa and Divine Lee providing home renovations to the less fortunate within seven days; **Dancing Nation** (hosted by beautiful and intelligent Lucy Torres-Gomez we hope this doesn't replace the original Talentadong Pinoy anymore); **Kanta Pilipinas** nationwide search for singers (hosted by the new **TV5 Kapatid singers** Lea Salonga); **The Amazing Race Philippines**; and **Temptation Island: Dare to Win** (hosted by the newest **TV5 Kapatid stars** Derek Ramsay) inspired by the '80s movie **Temptation Island**.

Finally, we have the News & Public Affairs' continuous improvements on its already impressive line-up. We get our update from the super busy, super *pogi* Martin Andanar who has never failed to amaze us. From **GMA**, which he always acknowledges, Martin got his feet wet on radio and TV shows of Channel 5 and in 2004, he tied (for his work in **The Big News**) with Julius Babao (**TV Patrol**) for Best Male Newscaster. Today, he is known as the face of **Aksyon TV News & General-Entertainment** airing on UHF Channel 41; co-hosts **Good Morning Club** (formerly named **Sapul sa Singko**) where he hosts the new **Tatay Kong Pogi Segment**; hosts **Tuesdays** (Tuesdays, 8:00 to 8:30 p.m.), his original concept; is part of **Insider** (Fridays, 4:30 to 5:00 p.m., Thursdays, 11:30 p.m. to 12:00 midnight) reporting with rotating hosts from the field weekly.

Latest news is that **TV5** and **Aksyon TV International** are now in Guam after a successful launch in the Middle East last year. The international coverage brings such shows as **Wil Time Big Time**, **Face to Face**, **Babaeng Hampaslupa**, **Juicy!**, **Talentadong Pinoy**, **Wow Mali**, with many more to follow. Meanwhile, **Aksyon TV International** vows to bring Filipinos quality news, information and public service through its top-rated **News5** programs. We look forward to the next launch!

The Network [Edit](#)

PTV, the country's national television network, in cooperation with Silverstar Communications, Inc., unveils a new look with a new line of programs set to define a wider coverage toward the new millennium.

The country's government television network began operations in 1974 as GTV-4. It was renamed Maharlika Broadcasting System in 1980 and following the People Power Revolution in 1986, became People's Television 4. On March 26, 1992, President Corazon C. Aquino signed Republic Act 7306, turning PTV Network into a government corporation known formally as People's Television Network, Inc.

In June 1992, the network was given a one-time equity funding for capital outlay. Shortly after he took over the mantle of government in June 1992, president Fidel V. Ramos appointed PTV Network's first board of directors. The Network was given a one-time equity funding for capital outlay.

Since 1992, PTV has been operating on revenues it generates on its own. RA 7306 stipulates that the government shall not allocate funds for the operations of the network.

PTV has been on full satellite transmission nationwide since 1992. Its flagship station, PTV-4, which is based in Quezon City, boasts of a 40-kilowatt brand-new transmitter sitting on a 500-foot (150 m) tower. With its 27 provincial stations and its affiliation with over 800 cable systems across the country, the network has extended its reach to approximately 85% of the television viewing public nationwide. Since then, PTV has set a new trend in the Philippine television industry by being the first to acquire digital technology. It is also the first network to use all solid-state transmitters in its provincial stations with power ranging from 1kw to 10kw. It is also the first station to convert its satellite transmission to digital compression as well as simultaneous transmission of main programs to the network's provincial stations and independent cable TV systems.

PTV is also known for the excellence it has shown in the late eighties by garnering several awards for three succeeding years from the Catholic Mass Media Awards and producing several award-winning programs.

For the past years, PTV exerted efforts in finding ways to improve the network. In fact, they have converted their satellite transmission recently to digital video compression making it possible for interactive Satellite News Gathering transmission during news and special events coverage.

As provided for in its charter, PTV is mandated to give its viewers a balanced mix of news, public affairs, educational, cultural and sports programs.

Logo [Edit](#)

As the symbol of change, even the logo of the station we will be featured is unique also because the new image it wants to present to the public.

The shape of the P logo on innovative means such station is simply the service of the public (people). The tail also its shape thought balloon represents and directing viewers to open the mind, act and find solutions based on the information available to watch here. The gap in the central part of the logo that looks like a TV set shows also that the PTV-4 is the substance and tracked viewers.

The things mentioned regarding changing logo PTV- 4 with a colored "aqua blue" that always seem fresh (fresh) such as news and information will be made public, cultural, children and educational, entertainment and sports programs in the government TV station. In conjunction with these changes creating new slogan *Telebisyon ng Bayan* which in turn attached to the

name of PTV-4 indicates that it will continue the delivery of information about government programs that need more people. The new sound, look and feel that will be featured on PTV 4 is fundamentally just roaring to reach greater heights.

Vision [Edit](#)

A fan site devoted to our favorite alternative yet intelligent station, PTV-4! Look out as we gather relevant, fun and reliable source of information about our favorite TV station today. Specifically, the People's Television Network is committed to pursue the following objectives:

To make itself the alternative television network, giving priority to high-quality news and public affairs, cultural and educational, children's programs, entertainment and sports programs.

Disseminate objective and up-to-date information on government projects and activities. Help translate the government's vision of national unity, social upliftment, economic progress, and enduring peace into reality.

One of the major leaps PTV has taken was the production of new and additional programs to give new meaning to alternative programming and make primetime viewing more inviting, PTV guarantees to bring distinctive and captivating shows that will bring ample and balanced entertainment to its audience.

With 27 provincial stations strategically located around the archipelago and carried by the largest number of cable operators in the country today, the People's Television Network offers you superior service, satellite power and unbeatable nationwide reach and coverage.

“40 years of exclusively servicing government programs, public affairs, news of national relevance, public service, educational, cultural and children's programs, wholesome, balanced and powerhouse entertainment and sports, shall showcase PTV-4's transformation into a more commercially-competitive television network, towards targeting to increase viewership by a big margin in the middle of 2014 as its biggest programming.

Innovative Public Information

1. Maintained a balance of views -- a complete turn around from the heavily handed censorship of its predecessor GTV-4 and MBS-4 during the Marcos regime, NBN-4 during Arroyo administration, and now is PTV-4 from Aquino, Ramos, Erap and PNoy administration.
2. Carved out innovations in news programming as the government TV station with 4 major daily newscasts (*Balitaan*, *News@1*, *News@6* and *NewsLife*), hourly new breaks (*PTV*

Newsbreak) and 3 weekend updates (*News @1*, *News @6 Weekend*, *The Weekend News* and *NewsLife Weekend*).

3. Led in public affairs programming with pioneers such as *PTV Special Forum*, *The Veronica Chronicles*, *Good Morning Boss!*, *BizNews* and *Personage* which became forerunners of public affairs programs in Philippine television. Meanwhile, it provided models for the public service programs such as *Damayan*, *GSIS Members Hour*, *The Doctor Is In* and *Pinoy US Cop Ride Along*.
4. The pioneering educational programming from CONSTEL (Counting Studies via Television) such as *Physics in Everyday Life*, *Science Made Easy*, *Chemistry in Action*, *Pamana ng Pahina*, *Bayani Pilipino*, *Fun with Math* and *English High School*, educational and cultural shows *Kahanga-hangang Pilipinas*, *Tipong Pinoy*, *Mag-Agri Tayo!*, *I Got You*, *Tele-Aralan ng Kakayahan* and *Ating Alamin*.
5. Provided leadership in sports programming.
6. Broke the dominance of commercial television networks, it ranked number 4 in TV ratings among five networks in Metro Manila. It was proven, therefore, that a government TV station can have a sizeable share of the viewing audience with a programming that is balanced and credible.
7. Became the Hall of Fame awardee of the Catholic Mass Media Awards (CMMA) by winning the Best Station with Most Balanced Programming for three consecutive years, among other awards.
8. Provided longer daily broadcast hours to news and public affairs information including coverage during natural disasters.

From an MBS-4 with poor ratings, a small outreach and looted-of-equipment network in 1986, PTV-4 now ranks among the top networks in terms of nationwide reach and coverage. The network embarked on a Facilities Upgrading Project with assistance from the French government. Under the Second and Third French Protocols of 1990 between the Philippine and French governments. PTV-4 was recipient of FF74 2 million (P20 million) in the form of transmitter facilities, studio, video and audio equipment.

PTV-4 now also broadcasts from its new headquarters at the Philippine Information Agency compound in Visayas Avenue, Diliman, Quezon City.

PTV-4 launched its satellite-simulcast broadcast programming last February 14, 1994 for nationwide outreach. With the acquisition of the uplink equipment to match the Transponder 54 of the Palapa B2P Satellite lease from Telkom, Indonesia, PTV-4 operates on a full-time satellite broadcast.

Programming is 25% news and public affairs, 22% educational, cultural and children's programming, 19% sports, 35% entertainment and 10% religious. "This will kick off out sports

program for the first time." As we promised, we're promoting PTV-4 as the sports network aside from our focus on news and public affairs, educational and cultural, children shows and entertainment.

Thoughts on Telebisyon ng Bayan

Thoughts ON NBC TELEVISION NETWORK

NBC boasts of itself as the station that earned the following awards: **Hall of Fame Award for Best Station, Most Balanced Programming** in 1987 and the **Catholic Mass Media Awards**, and the other pioneering and award-winning educational, cultural and public service programs

such as *Tele-aralan ng Kakayahan*, *Ating Alamin*, *Batibot*, *For Art's Sake*, *Coast to Coast* and *Paco Park Presents*. The educational program called **Continuing Studies via Television (CONSTEL)** has been used in teacher training by the **Regional and Divisional Leader Schools of the Department of Education, Culture and Sports (DECS)** and in **Teacher Education Institutions of the Commission on Higher Education**. This program aims at upgrading teaching skills of elementary and secondary teachers of Science and English was institutionalized by **DECS**.

NBC has also been covering major international sports competitions, particularly the **Olympic Games** and the **SEA Games**. The programming of **NBC** is 11% news, 13% public affairs, 16% educational, 19% sports, 36% entertainment, and 5% religious.

Earlier this month last 2012, **NBC Television Network** turning into a new slogan **National Brocasting Company** state television, the national television network in cooperation with **Silverstar Communications, Inc.**, launched a new image in an attempt to reach out to more Filipinos, unveils a new look with a new line of programs set to define a coverage. Aside from launching its new logo, they launched new programs and renovated their newscasts; the decade-old *Teledyaryo* brand was scrapped, maybe for good itself to the country's premiere news channel like **Channel 4** is re-establishing itself as the premiere sports channel.

The government-owned station, often dismissed as a government mouthpiece and propaganda machine by government critics, has shifted to commercial broadcasting, opening doors to private advertisers and introducing more interactive programing. To make itself the alternative television network, giving priority to high-quality news and public affairs, cultural and educational, and sports programs with **Silverstar** has been getting more aggressive with acquiring a bunch of projects since they seem to have such a strong connection with **Channel 4**.

Disseminate objective and up-to-date information on government projects and activities. Help translate the government's vision of national unity, social upliftment, economic progress, and enduring peace into reality to give new meaning to alternative programming and make primetime viewing more inviting, **PTV** guarantees to bring distinctive and captivating shows that will bring ample and balanced entertainment to its audience with **Channel 4** has nationwide reach, making the **PTV Network** a government corporation known as **People's Television Network, Inc. (PTNI)** which was mandated to give its viewers a balanced mix of news and public affairs, educational, cultural and sports programs.

For your frank information, the broadcast graphics on **PTV** is made up of **Adobe Creative Suite**, which most professional videographers can easily bought **PTV** now using the computer animated grapgics. It's not any better than Channels 2 and 7 which they procured two years ago (an election year) some quality broadcast graphics package (Orad and VizRT), costing hundreds of million pesos to invest and to operate. On their website, the bid for broadcast graphics and virtual studios cost PHP 2.9 million.

Based on my observation, all of their newscasts have 3 main anchors, instead of 2 regular anchors and a sports anchor, as most newscasts in the rest of the world, they broadcast **Paco Park Presents** and **Concert at the Park**, which we gain the spirit of arts and culture. The weekend editions via spin-offs like **News@1: The Week that Was**, **News@1 Junior** and weekend edition for **The Weekend News** with Jorge Bandola and Rocky Ignacio to give its viewers a balanced mix of news and public affairs, educational and cultural, and sports programs, **NBC 3** the network should "give priority to education, science and technology, arts, culture, children and sports in order to foster national pride and identity." Instead, PTV-4 fosters a culture of gambling and vices by airing programs on lotto, jai alai, online bingo, among others.

Aside from the new newscasts and a new breakfast program (**Good Morning Boss!**), there's a new **PTV** programming; the same public affairs programs, documentaries and educational program **CONSTEL** which return to the **Counting Studies via Television** is on TV which now airs from Monday to Saturday as **PTV** is now home to educational programming **CONSTEL** like **Science Made Easy**, **Chemistry in Action**, **Physics in Everyday Life**, **Fun with Math** and **English High School** aimed at upgrading teaching skills of elementary and secondary teachers of Science and English to help address the high dropout rate in grade school. Institutionalized by **Department of Education, Culture and Sports (DECS)**, **CONSTEL Science and English** are being used in teacher training by the **Regional and Divisional Leader Schools of the Department of Education**, culture and sports and in **Teacher Education Institutions of the Commission on Higher Education**. Other educational and cultural programs on **PTV** will bring back on television: **Tele-Aralan ng Kakayahan**, hosted by Cecille B. Garucho; **Hands on Craft for Kids** and **Kidsongs**.

In my opinion, **NBC** have a great potential to develop more as an effective alternative to the *telebasura* that plaguing Philippine TV landscape as a whole. However, since **NBC** is state-owned, they are victims of mismanagement since the time of Marcos. As Butch Francisco said once in his article, **NBC** is a sleeping giant.

NBC needed a second channel for cultural and intellectual programming. Most public broadcasters had two networks. And **NBC** must improve its TV drama department, to provide high-quality Filipino dramas to the screen as well as **i-Connect**, the first show on air will discuss the latest news on social media with Paolo Soler, Xeres X Guia and Abre Abracoso, **NBC Special Forum**, a public service program will discuss on the issues in TV forum with host Atty. Marc Castrodese, Kathy San Gabriel Scandal, investigative-type program Veronica Balayut-Jimenez's **The Veronica Chronicles**, the public service talk show like **GSIS Memebros Hour** hosted by VP Margie Jorillo and Ms. Bo Sanchez, the noontime children's cartoon programming like **Cartoon Hour** from Monday to Saturday at noon, Ka Gerry Geronimio's agricultural and livelihood program **Ating Alamin** marked on its 39th year anniversary, a game show like **Show Up: Ang Bagong Game Show ng Bayan** every Sunday with host Chx Alcala, Caca Bautista, Samantha Page, Vanessa Villegas, Doc Harris Acero, Mark Anthony Cruz,

Carby Salvador, Ms. Mj and JIREH ang bestfriend ng bayan aims mainly on bringing hope to our less fortunate brothers and sisters thru giving away prizes via different game segments of the show coupled with entertainment by special numbers from specials celebrity guests, cash prizes both for winners and non-winners, gift packages from organizers and sponsors will dominate the whole event of the show with **NBC**, the one and only national network that brings you quality sports viewing entertainment.

NBC is a good viewership during the basketball league of the sports events like **ASEAN Basketball League** and **UAAP**, which home to the basketball tournamets in the university basketball league and the official broadcaster of major international sports competitions like **Sydney Olympics** and covering the **2013 Southeast Asian Games**. During these coverages, **NBC** received commendations from various sports organizations.

And **NBC** must strive hard to be an independent, plural and objective public broadcaster, free from government intervention. Oh, and I forgot, **NBC** should promote the right usage of the Filipino language, as most public broadcasters. Add it with provincial public broadcasters, and voila.

Company Info [Edit](#)

Dynamic Early Years

In 2001, the radio network NU 107 has widened its scope and included television.

As the latest addition to the growing Progressive Broadcasting Corporation family, UNTV is the visual counterpart of the rock radio station with fast-paced programs, contemporary as well as edgy music videos, and original programs that "promises to send you off to bed with a smile on your face.

UNTV and DWNU 107.5 FM are owned and operated by the Progressive Broadcasting Corporation and a brainchild of banker/businessman Atom L. Henares and radio veteran Mike N. Pederero.

The radio station was born out of the need to come up with a product that would set the standard for good taste in music. In 1987, it blasted the airwaves with rock, music that is "dynamic, young, passionate, creative, and always ready to renew itself.

For more than thirteen years, NU 107's music has defined the lifestyle and taste of its young audience.

It has carved a niche in the radio broadcast history as one of the very first alternative radio station that plays artists who breaks new ground in music.

NU 107 has made inroads with Filipino rock musicians, giving them the opportunity to have their songs aired in radio, regardless if they are represented by a major label or not.

As edgy, as creative and as experimental as the radio station, UNTV strives to give audiences a taste of what television should be.

Core Mission

UN Television - Worldwide "In Service to Humanity". is the latest Philippine free TV on Channel 37, UHF band.

Revolutionary and alternative programming is the main menu of the station.

UNTV's mission is to provide best quality programs that are value-laden, educational, entertaining, informative, up-to-date, accurate.

Services [Edit](#)

In its keen desire to re-introduce the channel to a larger demographic range than its current target that are into religion and spirituality, UNTV's relaunch will officially declare the station's intent to spread its wings to a wider market towards more varied audiences. These audiences have steadily migrated to UNTV over the past few months via its serious and relevant key program changes in the station.

The relaunch – which included a new Station ID (SID), new tagline and station icon and the launch of a new, interactive UNTV web site – provides UNTV the opportunity to tie up all these changes into one comprehensive package, designed to welcome new viewers while recognizing the role of long-time UNTV viewers in the station's unprecedented success.

For the next month or so in the coming months, new programs and shows will reveal and be presented which exhibits more than the ordinary, less of the conventional but rich in substance. In one of its thrust to promote creativity and build a community of visual and performing artist, UNTV wants them to rely on the station to be their venue to showcase their many talents and pursuits.

Satellite Technology [Edit](#)

Considered a milestone in its broadcasting, UNTV's entry into satellite broadcasting using the Agila II satellite make it available to the whole archipelago and soon to the whole of Southeast Asian countries simultaneously.

Using this technology, the satellite's coverage extends to approximately 3 billion people throughout the Asia and the Southeast Asia.

UNTV's telecast on channel 37 covers the Greater Manila Area and its neighboring provinces in Bulacan, Cavite, Rizal and Pampanga.

When it comes to innovative programming, UNTV is one to beat with its trend-setting introduction of live broadcast whereby viewers can participate via a live question and answer portion, and send feedback and queries through text messaging in several of the station's programs.

UNTV has indeed conquered the realm of cyberspace with its official homepage, www.untvweb.com and the 24/7 broadcast via the internet will be made possible through the web streaming media.

History [Edit](#)

Originally, local UHF channel 41 was intended to broadcast local programming under the supervision of [Nation Broadcasting Corporation](#). Sometime in 2000, [MTV Networks Asia Pacific](#), operator of [MTV \(Music Television\)](#) brand in Asia wanted to transmit its music channel on terrestrial television in the Philippines. Eventually, MTV Networks Asia Pacific entered into an agreement with Nation Broadcasting Corporation to transmit its localize music channel via its

UHF channel and started broadcasting [MTV Philippines](#) on January 1, 2000 until the partnership ended on February 15, 2007.

On March 2, 2010, [MediaQuest Holdings, Inc.](#), a [Philippine Long Distance Telephone Company](#) subsidiary, Philippines largest telecommunication company, announced the acquisition of [Associated Broadcasting Company](#), broadcaster of [TV5](#). On October 1, 2010, through its flagship station, it took over the management of Nation Broadcasting Corporation and its radio and television businesses, particularly [92.3 News FM](#) and UHF channel 41. Consequently, UHF channel 41 went on air and began its initial test broadcast of its radio station [92.3 News FM](#) from 12:00 noon to 8:00 p.m. ([Philippine Standard Time](#), [UTC+8](#)). In December 2010, Associated Broadcasting Company announced plans to launch its own news and sport-related channel. On February 21, 2011, AksyonTV started its commercial broadcast. Last December 1, 2013, AksyonTV is no longer implementing its 24-hour broadcasting activities as the broadcasts officially starts from 5:30 a.m. until 12:00 a.m due to the [National Telecommunications Commission](#)'s free-to-air TV rules on affiliated TV stations.

Controversy [Edit](#)

On March 16, 2011, [Associated Broadcasting Company](#) (ABC) and [Nation Broadcasting Corporation](#) (NBC) filed a complaint to local regulator in the Philippines, the National Telecommunications Commission against [Sky Cable Corporation](#), one of [ABS-CBN Corporation](#) subsidiaries, broadcaster of [ABS-CBN](#) and TV5's competitor.^[4] In its complaint, ABC and NBC criticized SkyCable for its inaction to the request of the latter and subsequently non-inclusion of AksyonTV to its lineup, despite local laws instructing all cable and satellite companies operating in the Philippines to carry all free-to-air networks. Under Memorandum Circular 4-08-88 (or otherwise known as the “Must Carry Rule”), all entities in the cable and satellite businesses are required to include all free-to-air channels on its system regardless of its capabilities. SkyCable on the other hand revoke its compliance to the order due to system capacity and will conform once an additional facility is in place.^[5] On April 1, 2011, SkyCable announces the inclusion of AksyonTV on its channel lineup effective May 4, 2011 but made it earlier on April 30, four days from the planned May 4 launch. Recently, on July it was moved its channel assignment on [SkyCable](#) from channel 61 to channel 59.

[illegible]

DWFM led NBC to establish other FM stations using a similar format, including Cebu's [DYNC](#) in 1975, and Davao's [DXFM](#).

Joey @ Rhythms 92.3/923 Joey (1998–2007) [Edit](#)

In 1998, NBC was acquired by [MediaQuest Holdings, Inc.](#), a broadcasting company owned by the [PLDT](#)'s Beneficial Trust Fund. With the new ownership, DWFM's format would be changed in 1998 to become a [smooth jazz](#) station, *Joey @ Rhythms 92.3* (later shortened in 2005 to *923 Joey*). Radio executive Francis Lumen assumed the position of president and CEO bringing with him his previous 10 years of managing the now defunct DWCT Citylite 88.3 (now Jam 88.3). Joey went on to target the higher echelon crowd - mostly embassy officials and deejays who were displaced by the departure of Citylite 88.3 in 2003, with a mix of jazz fusion, pop jazz and crossover sound, with a little more of the European jazz flavor. The jazz format would also be implemented on all of NBN's other FM stations, who used other female names for their branding. DWFM's call letters were also changed to DZRU-FM for the period. It was also during this period that NBC entered into a joint venture with MTV Asia for an MTV Philippines feed via NBC's UHF Network (Channel 41). In 2005, the Rhythms tag was dropped in favor of 923 Joey, with the station slogan "It's a Groove Thing". In January 2007, DWFM was taken over by new management, led by radio executives Raymund Miranda and Al Torres, along with sales executive Amy Victa. Together with the new team, the butterfly was dropped from the logo and the official call letters were returned to DWFM, the original call letters of the station.

92.3 XFM (2007–2009) [Edit](#)

On Easter Sunday, April 8, 2007, DWFM resumed broadcasting as 92.3 xFM, Before playing the very first song under its new format, the station played this liner: "This is xFM. The New Equation for Good Music", now focusing on [downtempo](#), [trip hop](#) and [house](#) music (and later expanding to include [indie pop](#) and easy listening—staples of the station during the MRS era). Additionally, the station also reverted its call letters back to DWFM. Interestingly enough, from August 2007 until the end of xFM's first iteration, easy listening tracks, which were a staple during the station's existence as 923 Joey, made its way again to the supposedly electronica-and-indie station's playlist, which led to the scrapping of the groundbreaking format on January 2008. "re-birth" was instituted on February 2008 with the adoption of a very popular Adult Contemporary format "Smooth Jazz", thus reverting it to the same format as it had before (as 923 Joey). 92.3 xFM has been re-branded into XFM 92.3 and adopted the slogans "Light N Up!" and "Light N Up Manila!" xFM 92.3 follows the likes of smooth jazz stations such as KNUA, KTWV and other stations that target the adult listeners. Coupled with R & B and contemporary pop favorites, xFM 92.3 mixes current smooth jazz selections and old memorable jazz favorites. xFM 92.3 has metamorphosed to become a light, vibrant and relaxing station to listen to in Metro Manila. In its run as a smooth jazz station, xFM used the following slogans:

"Stress Free Radio" "Cool, Hip, Light, Smooth and all that Jazz" "Light N Up/Light N Up Manila"

U92 (2009–2010) [Edit](#)

On October 1, 2009, DWFM switched formats again, becoming the [contemporary hit radio](#) station *U92*. The new CHR format was also tightly cross-promoted and shared talent with the television channel [MTV Philippines](#), which had been broadcast by NBN's stations until mid-2007 when [All Youth Channels](#) took over the MTV franchise in the country and converted it to a cable-only service).

Radyo5 92.3 News FM (2010–present) [Edit](#)

On October 1, 2010, DWFM flipped from CHR to [all-news](#) radio as *Radyo5 92.3 News FM*; becoming the flagship station for a new [radio network](#) operated in conjunction with the news department of [TV5](#) (which [PLDT](#) media subsidiary [MediaQuest](#) recently acquired a majority stake of in earlier in the year). The move came as part of a plan to expand TV5's news operation in order to become more competitive with the other major networks, which also included the launch of a news network on NBC's television stations, [AksyonTV](#) (which also simulcasts some of its programming).^{[1][2]} Most of the personalities are former anchors and reporters from different AM-radio stations in Mega Manila including Neil Ocampo, [Laila Chikadora](#), [Cheryl Cosim](#), [Cristy Fermin](#) (from [DZMM](#)), Nina Taduran, Ruel Otieco, JV Arcena (from [DZXL](#)), [Arnell Ignacio](#), [Shalala](#) (from [DZBB](#)), Izza Reneva-Cruz, Zony Esguerra (from [DZME](#)) and Tulfo brothers.

In less than six months under the new format, DWFM ranked as the fourth most listened to FM stations in Metro Manila.^[3] In March 2012, the Radio Research Council ranked DWFM as the number 1 news radio station in the market in a survey of motorists..^[4]

Also, in July 2011, Radyo5 became the first local news FM station to be made available in the World Wide Web with its inclusion in the [TV5](#) website. All programs of the stations are broadcast live and can be enjoyed by all Filipinos around the world via [Kapatid TV5](#) and [AksyonTV International](#).

On December 23, 2013, Radyo5 studios (including [News5](#)) was moved from [Novaliches](#) to their new home in Reliance, Mandaluyong. ^[5]

The newest total stanner popstar Nadine Lustre

Pop Girls members and thenewest total stunner popstar **Nadine Lustre** is the latest addition to **Viva's** constellation of stars. Discovered via her breakthrough triumph the young singer is now being primed and readied for greater things with the release of her second self-titled album under **Vicor Music**.

Nadine Lustre, like popstars before her, is going through a familiar rite of passage, that of singing original materials by prolific songwriter **Vehnee Saturno** and **Sarah Geronimo**.

Nadine becomes the perfect vehicle for lovelorn ballads and **Nadine** for her part does not disappoint. Brand new love songs such as teen ballad “**Promise for Life**,” dance pop “**Angel Fish**” where Nadine shows the dance floor and OPM pop rock Chinese song “**Diamonds**” are familiar sounding tunes cut in the mold of contemporary hits by **Sarah Geronimo**, **Anja Aguilar** and **Rachelle Ann Go** and is ably carried by **Nadine**. If you need further proof why we’re confident to mention Nadine in the same breath as **Rachelle** and superstar **Sarah** and **Anja**, check out **Nadine Lustre's** FM radio hit “**What Good is That Without You**,” to see what we mean.

Nadine also is lucky to be singing brand new songs by up and coming songwriter **Kean Cipriano** and **Sarah Geronimo** and their combination makes for some pretty modern sounding OPM pop like the mid-tempo, guitar-pop rock ditty Asian song “**Girls Punk Style**,” disco-dance pop “**Give Me Your Pain**” where Lustre shows that is dance floor and dance ballad “**Hold You In My Arms**.” The **Nadine Lustre-Sarah Geronimo** singer and songwriter pairing also came up with the OPM house-dance pop Asian song “**Stay**,” teen dance “**All My Love**” with dancemoves of **Shy Carlos** and **Rose Van Ginkel**, electro-dance pop “**I Wanna Get Your Heart**” with dancemoves of **Shy Carlos** and **Rose Van Ginkel**, electro-pop rock “**I'm Gonna Get You!**” and another original Tagalog dance pop song in “**Sumayaw**” with dancemoves of **Shy Carlos** and **Rose Van Ginkel**.

Judging from the sound and feel of her new album, Nadine has the makings of a new total popstar what with her powerful singing and exceptional voice quality. You can bet that with this album, we'll be hearing much from the up and coming **Nadine Lustre**.

DWET-FM

DWET, branded as **106.7 Energy FM**, is the [flagship FM radio station](#) of [Ultrasonic Broadcasting System](#). Its studios, offices & transmitter are located at Unit D-1, 15th floor, Strata 2000 Building, F. Ortigas Jr. Avenue, Ortigas Center, [Pasig City](#) (the same site as [ZOE Broadcasting Network](#) which located at the 22F).

History [Edit](#)

Several Reformats [Edit](#)

When Kool 106 first went on-air in February 1992 (together with ABC-5) with radio veteran George Mercardo at the helm, its format was Hot Adult Contemporary, showcasing music from the 70s and 80s, alongside Top 40 hits back then. In 1995, when Marc Gorospe assumed the Station Manager post, Kool 106 flipped into a mainstream format playing mostly pop hits. Between 1999 & 2001 it became 106.7 Kool, that plays mostly foreign song especially R&B with a very few OPM hits. In 2001, the station went off the air for one month and completely changed its format. It became known as Ritmo Latino RIO 106.7, the first radio station in the country that played [Latin music](#).

Kool 106, 2002-2004 [Edit](#)

In April 2002, Kool 106 resurrected as a *Masa* station with its format playing mainstream pop and OPM music. During the relaunch, Kool 106 and ABC-5 teamed up to produce a 30-minute interactive music show called "Kool on Kam", originally aired as a hookup with Kool 106 where the jocks can now be seen on TV with music videos. Kool on Kam moved to a primetime slot and increased to 1 hour in the radio hookup on ABC-5 where the jocks interviews with its featured celebrity of the week and the show launched its segments. Kool on Kam lasted for a year and a half. The station also has its first ever countdown separated where the top 10 OPM songs and top 10 foreign songs are aired at noontime and 6pm respectively on Sundays. Kool 106 has also developed its "By Request" program aired weekdays 9pm-12mn and Sundays where listeners can call and ask for their requested song. Kool 106 as a masa station lasted for 2 years.

106.7 Dream FM [Edit](#)

In April 2004, 6 months after Tonyboy Cojuangco took over the management of ABC, 106.7 was reformatted as Dream FM. The station aired in a smooth jazz format added up with R&B, Soul, Bossa Nova and House.

After [MediaQuest Holdings, Inc.](#) acquired TV5 in 2010, Dream FM and its affiliate stations in other parts of the country remained under the Cojuangco management led by former ABC stockholder Anton Lagdameo. They became collectively known as the [Dream FM Network](#), with TV5. On the other hand, MediaQuest manages [Radyo5 92.3 News FM](#), owned by its sister company, [Nation Broadcasting Corporation](#).

Dream FM signed off at June 30, 2011 with the song, "Till We Meet Again". It continues to broadcast intermittently online through [Hayag](#).

106.7 Energy FM [Edit](#)

Throughout the last week of June, plugs were aired on 106.7 with the statement "*Si Pangga, Dreaming!*", where the slogan of Energy FM *Pangga* and Dream FM's name is used. This is a temporary partnership between Cojuangco and UBSI, which took part-ownership of the station.

Energy FM, a Hot AC / CHR station that used to air on [91.5](#) transferred to 106.7 on July 1, 2011. Its programs and DJs premiered on July 4. Pipoy Palaboy (formerly known as Kenji) is the only Dream FM DJ who joined the Energy FM staff.

Energy FM also has a radio segment called *Saved on Energy FM*, which plays christian music of praise and worship to God. It is run by Becca Music Inc., a Christian events company. It first aired on February 6, 2011 (while Energy FM was still on 91.5) and airs every Sunday 8pm to 12mn.

NBC has been identified as a major industry player, as it was the first network to broadcast on a 24-hour basis outside of Metro Manila, it launched the first FM stations in the Visayas and Mindanao regions, and was the first to bridge the [archipelago](#) with the utilization of satellite broadcasting. Launched in the early 1980s, NBC was the first radio satellite network in the Philippines, and continues to cover the live games of the Philippine Amateur Basketball League and the [Philippine Basketball Association](#).

In 1998, NBC became the only FM radio network in the Philippines consisting of member-stations named after their respective markets. [Template:ClarifyTemplate:Cn](#)

DZAR was the first to launch in 1998 through its nationwide transmission. But in 2005, [Pastor Apollo C. Quiboloy](#) purchased all NBC AM stations and rebranded as [Sonshine Radio](#).

At present, DWWW 774 kHz is considered as one of the top stations in the AM band in Metro Manila with several top rating music programs from Monday to Sunday.

History [Edit](#)

[\[edit\]](#)**DWWW 630 kHz** [Edit](#)

DWWW began in 1974 under 630 kHz. At that time, it was owned by Kanlaon Broadcasting System (now [Radio Philippines Network/ETC](#)). The studios of the station was located then at the Chronicle Building in Pasig. Veteran anchors and new recruits like Johnny de Leon, Rod Navarro, [Noli de Castro](#) and Vic Morales are some the announcers of the station.

In July 1986, the Presidential Commission on Good Government turned DWWW (KBS) and DWOK (BBC) back to ABS-CBN. DWWW was renamed [DZMM](#) and resumes broadcasting.

[\[edit\]](#)**DZBM/DWOO/DWAT 780/DWWW 774kHz** [Edit](#)

The origins of the station started as DZBM 780 kHz in 1963 under the [Mareco Broadcasting Network, Inc.](#) This served as the promotional radio station for [Villar Records](#) and [Mabuhay Records](#). In 1973, DZBM changed its callsign to DWOO, changed its frequency to 774 kHz and its format to news & talk. In 1987, DWOO changed again as DWAT and served as the first station of veteran broadcasters, Fernan Gulapa (now with [DZBB](#)), Willie Matawaran (now with [DZIQ](#)), and the son of the late Louie Beltran, Cito Beltran. In 1997, Vic Morales bought the MBNI's flagship AM station to the new network called [Interactive Broadcast Media](#). The station revived its old station DWWW under 774 kHz.

[\[edit\]](#)**Acquisition of PLDT MediaQuest in Interactive Broadcasting Media Inc.**

[Edit](#)

On December 2011, owners of [Interactive Broadcasting Media Inc.](#) (owner of DWWW 774 AM) announced that it would be divesting its 51% share in [Interactive Broadcasting Media Inc.](#) and selling it to the [Philippine Long Distance Telephone Company](#)'s broadcasting division, [MediaQuest Holdings, Inc.](#) It was formally acquired on June 2011 as announced by PLDT chairman [Manuel V. Pangilinan](#). In July 1, 2011, PLDT announced that DWWW 774 AM (AM Station of Interactive Broadcasting Media Inc.) is now an flagship musical AM Station of TV5 and they reformat to "DWWW 774 Music AM". The new format of the station is pop music and oldies.

In 2012, after 15 years in its old home in #23 E. Rodriguez Sr. Ave. in [Quezon City](#), it moved to its new home at TV5 Broadcasting Center, 762, Quirino Highway, Brgy. San Bartolome, Novaliches, [Quezon City](#), [Philippines](#).

Lyrics [Edit](#)

- Time, it passes much too fast and I'm
- Not gonna let this moment pass
- Won't take for granted, save the very best for last
- In time you'll find there's really just one crime
- When we wasted precious time away
- So make a change today, and make the most of every day.
- It's the time to love to live
- Open up your heart and learn to give
- Making every moment the moment of your life
- Of your life
- It's my time that lifts my day
- Everything I do, what words won't say
- Making every moment the moment of my life
- Time you'll find there's really just one crime
- When we wasted precious time away
- So make a change today, and make the most of every day.
- It's the time to love to live
- Open up your heart and learn to give
- Making every moment the moment of your life
- Of your life
- It's my time that lifts my day
- Everything I do, what words won't say
- Making every moment the moment of my life

- Of your life
- It's the time to love to live
- Open up your heart and learn to give
- Making every moment the moment of your life
- Of your life
- It's my time that lifts my day
- Everything I do, what words won't say
- Making every moment the moment of my life
- Every moment the moment of my life
- Every moment the moment of your life

Lyrics [Edit](#)

- Hidden beneath the ground, is a spring that feeds the creek,
- Invisible as the wind,
- That you feel upon your cheek,
- And every breeze that whispers,
- Reminds us constantly,
- Sometimes what's real is something you can't see...
- Believe... in all that can be,
- A miracle starts whenever you dream,
- Believe, and sing from your heart,
- You'll see,

- Your song will hold the key...
- Waiting behind the clouds,
- Is the sky that's always clear,
- And chasing away the doubts,
- You watch the sun appear,
- It's shining to remind you,
- As each new day begins,
- There's always hope if you just let it in...
- Believe... in all that can be,
- A miracle starts whenever you dream,
- Believe, and sing from your heart,
- You'll see,
- Your song will hold the key...
- You can paint the stars,
- You can touch the sky,
- Spread your wings and discover you can fly (and sing from high),
- You won't know until you try...
- Believe... in all that can be,
- A miracle starts whenever you dream,
- Believe, and sing from your heart,
- You'll see,
- Your song will hold the key...
- Ooh-ooh, believe, and dream what can be,
- Ask with your heart,
- And you will receive.
- Believe, the beauty is yours to see,
- Your song will hold the key...
- Ooh-ooh...
- (When you) Believe...
- Beli-eve...
- When you believe...
- Ohhh, believe...

- Of the sun up above, it's a light you've been wanting.
- To share this moment with you, it's like a dream come true...
- For me and you.

- So let me put it right
- Hold tight
- I know I've been a fool again
- But I don't want to say goodbye

- Let's try
- And maybe work it out again
- Just give me a chance this time
- I had made mistakes
- So let it times before
- But you for gave you know
- And what respect for more
- A sing and in your eyes
- He cannot ever me
- I'll make it you this time
- And if will always be

It has also invested heavy in state-of-the-art broadcast and newsgathering equipment. **TV5** was formerly known as the **Associated Broadcasting Company (ABC)**. It has changed hands twice in the past 10 years. Pangilinan also owns the **Philippine Long Distance Telephone Company (PLDT)**, which owns a landline network and two of the Philippines three mobile phone networks .

People's Television Network, Inc. (PTV) [Edit](#)

www.ptv.ph

PTV is the state television network. It operates 17 TV stations nationwide and claims to reach 85% of the Philippines potential television viewers. It also transmits through 15 relay stations and affiliated TV stations.

However, the **PTV** channels command much lower audiences than their more vibrant and entertaining private sector competitors.

The organisation's flagship station is **Channel 4**. It carries a lot of official government announcements and coverage of the international sporting events.

PTV's two entertainment channels **RPN-9** and **IBC-13** are both up for privatisation.

The organisation also operates a handful of cable and satellite TV channels.

PTV is based in Quezon City on the outskirts of Manila.

It was founded in 1974 during the dictatorship of President Ferdinand Marcos with the official name of **Government Television for Good Viewing**.

From 2001 until August 2011, **PTV** was officially called the **National Broadcasting Network (NBN)**.

Channel 4 is the official carrier of government TV news and announcements, including announcements by the office of the President. Many of these are rather dull and uninspiring, so most TV viewers stick with more entertaining programmes on other channels.

However, **PTV** ratings often rise during the university basketball league like the **UCAA**, **ABL** and **UCAA** which is the TV viewership ratings from other networks, and the international sporting events such as the Southeast Asian Games, the **Asian Games** and the **Olympics**. It is often the network to carry full coverage of such events, thanks to its role as the Philippines official TV broadcaster.

PTV also carries live national lottery draws on a regular basis.
